2022 FRANKLIN-LAVOISIER PRIZE

Jointly created by the **FONDATION DE LA MAISON DE LA CHIMIE**, Paris (France) and the **SCIENCE HISTORY INSTITUTE**, Philadelphia (USA), the **FRANKLIN-LAVOISIER PRIZE** is intended to reward a person, a group of persons or an organization for their meritorious contribution, through their action or publications, to:

- the preservation and highlighting of the scientific and industrial heritage, in France, the USA, or worldwide in the field of chemistry and its applications
- a better knowledge of chemical and molecular sciences and industries
- the fostering of closer Franco-American ties and the promotion of prominent achievements in the fields of chemical sciences and industries

Carrying an initial monetary award of €15,000, the FRANKLIN-LAVOISIER PRIZE will be awarded every second year by an **international Jury** consisting of:

2 permanent members :

- Bernard BIGOT, President, Fondation de la Maison de la Chimie
- David COLE, President, Science History Institute

3 co-opted members :

- Brigitte VAN TIGGELEN, Director, Office of the President – Europe, Science History Institute
- Philippe WALTER, Director, CNRS/Laboratoire d'archéologie moléculaire et structurale, Observatoire des Patrimoines de Sorbonne Université
- Lawrence PRINCIPE, Drew Professor of the Humanities, Johns Hopkins University

Nominations must be submitted no later than 31st March 2022.

The 2022 Franklin-Lavoisier Prize will be presented to the laureate in November 2022 at Philadelphia (USA) at the headquarters of the Science History Institute.
